OzHarvest

BE 89 JY  
NEW SOUTH WALES  
REGISTERED

**OzHarvest** ensures that every day, perfectly good food that would otherwise end up in landfill is delivered to the marginalised and disadvantaged people in our community who need it most.

Last year OzHarvest delivered enough food to provide over 3.24 million meals across the cities in which we operate.

We work with over 1000 of Australia's food businesses – some of the most well-known (and some not so known!), generous, community minded and environmentally aware food providers who do not want their surplus good food to end up in the bin.

We deliver food to over 390 of Australia's charities who feed the most vulnerable and disadvantaged men, women and children in our community. Our food provides health, well being and dignity.

OzHarvest collects from fruit and vegetable markets, supermarkets, wholesalers, corporate events, catering companies, distributors, warehouses, shops, delis, film and TV shoots, restaurants – in fact any licenced food provider with excess food.

We prevent the pollution of our environment – last year we diverted over 740 tonnes of good food from landfill. We avoided 1,405 tonnes of carbon emissions, and well in excess of 105 million litres of water going to waste.

We are the intelligent, logistics based solution to Australia's food waste problem

The average Australian household throws away **\$616** of food per year (in NSW it's over \$1000).

**2.2 million** Australians don't have enough money to take care of basic needs such as housing, clothing and food.

Australians throw out more than **\$1.1 billion** worth of fruit and vegetables per year, more than any other food type.

Food insecurity negatively affects a child's academic ability and **health** and is linked to a greater incidence of obesity, diabetes and heart disease.

Half a million of Australia's 2 million hungry are **children**.

Last year **220,000** Australians received support from specialist homelessness services.

**23%** of Australia's homeless are children.

Throwing out **one kilogram** of white rice wastes 1,550 litres of water.

Throwing out a **kilogram of beef** wastes the 50,000 litres of water taken to grow and produce it.

# LETTER FROM THE CHAIRMAN

I am pleased to write this report at the end of a busy and productive year. At the time of writing, OzHarvest now has 2 new offices in Adelaide and Brisbane and a new education arm provided with the launch of our regional food rescue program [www.reap.org.au](http://www.reap.org.au) funded by the NSW Dept of Premier & Cabinet. To cap it off, we have delivered over 10 million meals to people in need.

We could not do this without a long list of supporters. Some of these have assisted us since day one. We are very grateful for the support of our founding partner, the Macquarie Group Foundation, who continues to support OzHarvest.

We also rely on the support of so many others. In particular we wish to thank our longstanding benefactors Goodman+, Thyne Reid, the Cross City Motorways, the Henry and Renee Pollack Foundations, Vittoria Coffee, Linfox, Newman's Own Foundation, GE, as well as nib and Resco for their support for our Newcastle branch. This year we are also pleased to have been joined by many corporates and foundations who have participated in our corporate volunteering program, have donated their time, their money, their staff, and provided valuable support to allow us to deliver the more than 2.7 million meals we delivered in NSW this year.

We are fortunate in having a highly dedicated staff and drivers who each give their time and their skills freely beyond the call of duty to ensure that OzHarvest keeps rescuing food throughout the year. OzHarvest could not function without your on-going commitment.

Thank you to my fellow Board members, to all our food donors for their continued support and of course to our dedicated army of volunteers who provide invaluable help and support.

OzHarvest relies on all of you.

# LETTER FROM THE FOUNDING DIRECTOR AND CEO

It has been an exciting year of growth at OzHarvest. We have delivered food to provide over 10 million meals to charities feeding people in need across Australia since we started collecting food. Whilst

this is hugely exciting for us – it also shows the huge need in our community for our service and why OzHarvest needs to keep doing the work we do.

OzHarvest has been the link between food suppliers with excess and people in need for seven years. This financial year in Sydney alone we collected 739,866 kg of good food from over 850 food donors who made a conscious choice to reduce their impact on the environment, reduce their food waste costs and help their local community.

We delivered over 3.24 million meals this year to 390 agencies who feed thousands of people every day. The need and immediate impact of our work is visible every day.

We expanded our operations to Adelaide in December 2010 - and at the time of writing our team has already delivered over 200,000 meals to Adelaide charities feeding people in need. Adelaide has welcomed us with open arms and our family of food donors, agencies, supporters and volunteers is growing at a rapid pace.

I am proud to report that we have also opened OzHarvest in Brisbane. In a few short weeks we delivered food to supply over ten thousand of meals – and we are overwhelmed by the support and enthusiasm with which Brisbane is taking us on. Our impact continues to grow.

This year we launched our highly praised and award winning online regional food rescue toolkit [www.reap.org.au](http://www.reap.org.au). REAP launched with a video featuring celebrity chef and long-time OzHarvest ambassador Matt Moran which went viral around the globe – over 3 million people saw or read about the video within 24 hours of its release!! We now have taught hundreds of people across regional Australia about food rescue through [reap.org.au](http://reap.org.au) and continue to educate and inspire people to divert good food to people in need.

Look out in 2012 for the OzHarvest extraordinary cookbook that has 44 of our top chefs collaborating for us; more education and training programs; and of course our bright yellow vans continuing to do what we do best – collecting excess good food from food businesses around Australia and delivering it to charities feeding people in need.

Many people contribute to our on-going success. Thank you to our drivers, our staff, our volunteers, our financial supporters, our ambassadors, our board of directors and food donors. Without each of you OzHarvest would not operate. Thank you for your support and your commitment to OzHarvest.

# KEY FINANCIAL SUPPORTERS

**OzHarvest** relies on the generosity of many people to continue to operate. Our financial supporters ensure we are able to continue to provide our services to so many. These organisations in particular have allowed us to grow and increase the impact we had this year.

**MACQUARIE GROUP FOUNDATION** is our core founding partner and has provided ongoing support for OzHarvest since our inception in 2004.

**GOODMAN+** gives us a place to live! Goodman+ has provided us with our office space and funded 4 vehicles since we started operations in 2004.

**LINFIX** keeps our vans and trucks on the road – literally!! Thanks to their generosity, Linfix services our vans, provides them with a new set of tyres each year and keeps our vans in tip top condition. They donated the services of their Solutions Team to ensure the efficiency of our logistics team. In addition Linfix provides much needed financial support to keep our drivers delivering food across Australia.

**CROSS CITY MOTORWAYS PTY LIMITED** puts our name up in lights! CCT has supported OzHarvest since 2008 and continue to be generous supporters.

**THYNE REID FOUNDATION** are longstanding supporters who have supported OzHarvest growth in Sydney and expansion to both Adelaide and Brisbane.

**NEWMAN'S OWN FOUNDATION** has invested in our growth since 2007 and provided an amazing US\$300,000 as part of their celebration of giving away US\$300million to charities worldwide.

**NIB FOUNDATION** invested in our Newcastle operations – allowing us to expand and deliver dramatic results in Newcastle over the past 12 months. Their support has seen our operations almost double in size in Newcastle.

**HENRY AND RENEE POLLACK FOUNDATIONS** has quietly supported our growth by consistent support for our operations.

**GE** has offered financial and in kind support - Sydney has received a van to assist in deliveries from the team at GE Fleet and Equipment Finance. The van has helped move tonnes of fruit and veges, tea, flour, as well as many non-food items such as doonas, clothing, and crockery!

**RESCO** generously funded a brand new shiny truck for OzHarvest Newcastle - which has meant not only our ability to deliver substantially more food – but a significant reduction in noise pollution and a comfy ride for our Newcastle driver Shane!

**CANTARELLA BROS / VITTORIA COFFEE** our Sydney vans run on coffee!! In addition to helping cover fuel costs Vittoria Coffee supported our Shout Lunch Fight Hunger campaign - which helped raise funds to deliver over 74,000 more meals, and ensured that our guests at our Nourish event had the best coffee around to keep them going.

**MONDAY MORNING COOKING CLUB** launched an heirloom recipe cook book with a portion of the proceeds from every sale coming to OzHarvest. The success of the book and the generosity of the Monday Morning Cooking club has meant more than 30,000 meals were delivered by OzHarvest this year thanks to their generosity.

**AND YOU**, the thousands of individuals who donated their hard earned cash to ensure that someone less fortunate than yourself gets a nutritious meal. Every single donation is needed and valued. Every dollar donated means another meal can be delivered across Australia.

We simply could not continue to exist without your support.

Last year we delivered over 66 ½ tonnes of ready cooked food to refugees and live in centres feeding people breakfast lunch and dinner.
